

CCC Allocation Workgroup Guidance Document

Annual CCC Meeting

June 24, 2015

Allocation Review Triggers

- * Adaptive management
- * Definitions
- * Three approaches
 - * Public interest-based (ongoing input, solicited input, petitions, referenda)
 - * Time-based
 - * Indicator-based (economic, social, ecological)

Major Comments

- * Clarify guidance applies to all allocation decisions
- * Clarify petitions v. referenda and “non-discretionary” response
- * Prescriptive/inconsistent language
- * Internationally-managed species
- * Overlap between CCC and NMFS document (indicator-based criteria)

Modifications

- * Introductory language re: types of allocations
- * Removal of referenda
- * “shall” -> “recommend”;
“fresh” -> “contemporary”
- * International allocations referenced
- * Clarified difference between CCC indicator-based triggers and NMFS allocation factors
- * Table modification
- * Availability of information

What's next?

- * Filling in the “XX”: what is a reasonable timeframe to recommend for development of triggers?
- * Final CCC approval
