Scope of Work

A) 5-year Review of the Red Snapper IFQ Program

Review and provide comments relative to the 5-year IFQ Review document

Based on the review document and supporting material provided, discuss the performance of the red snapper IFQ program and determine whether the program has met its objectives

Suggest additional data to be collected and/or studies to be conducted to better evaluate the performance of the red snapper and other IFQ programs

Provide recommendations to the Council relative to potential improvements to the IFQ program.

B) Role of the SESSC

Discuss the participation of the SESSC in the Council process and determine how the SESSC could be more effective in providing advice to the Council
