Motion: To develop a plan amendment for implementation of a red snapper quota monitoring system for private recreational anglers.

Substitute motion: To develop a scoping document for looking at enhancements, revisions, or new options for estimating or quantifying private recreational landings.

Substitute motion carried with no opposition.

Joint Artificial Reef/Habitat Protection

Motion: That staff continue development of an options paper regarding the status of artificial structures in the Gulf of Mexico.

Motion carried.

Motion: That the Council direct staff to develop a letter to the Secretary of the Interior objecting to the removal of petroleum platforms with the use of explosives.

Motion carried with no opposition.

Mackerel

Mackerel Amendment 20

Motion: To move Action 1 to the considered but rejected section.

Motion carried with no opposition.

Motion: In Action 2, that the preferred alternative be Alternative 5.

Alternative 5: Set the commercial hook-and-line trip limit at 3,000 pounds with no reduction.

Option a: For the Western zone

Option b: For the Eastern Zone Northern Subzone

Option c: For the Eastern Zone Southern Subzone

Substitute motion: In Action 2, to add a new Alternative 6.

Alternative 6: No Action – Retain the existing commercial hook-and-line trip limits.

a. Western Zone at 3,000 pounds

b. Eastern Zone Northern Subzone at 1,250 pounds.

c. Eastern Zone Southern Subzone at 1,250 pounds.

Motion withdrawn.

Motion: In Action 2, that the preferred alternative be Alternative 2, Option b.

Alternative 2: Set the commercial hook-and-line trip limit at 1,500 pounds with no reduction.

Option b. For the Eastern Zone Northern Subzone.

Motion withdrawn.

Motion: To create a new Alternative 6.

Alternative 6: Set the commercial hook-and-line trip limit at 1,250 with no reduction.

Option a. For the Western zone.

Option b. For the Eastern Zone Northern Subzone

Option c. For the Eastern Zone Southern Subzone.

Motion carried with no opposition.

Motion: In Action 2, that the preferred alternatives be Alternative 5, Option a, Alternative 5, Option c, and Alternative 6, Option b.

Alternative 5: Set the commercial hook-and-line trip limit at 3,000 pounds with no reduction.

Option a: For the Western zone

Option c: For the Eastern Zone Southern Subzone

Alternative 6: Set the commercial hook-and-line trip limit at 1,250 with no reduction.

Option b. For the Eastern Zone Northern Subzone

Motion carried with no opposition.

Motion: In Action 2, to move Alternative 2 and Alternative 3 to the considered but rejected section.

Alternative 2: Set the commercial hook-and-line trip limit at 1,500 pounds with no reduction.

Option a: For the Western zone

Option b: For the Eastern Zone Northern Subzone

Option c: For the Eastern Zone Southern Subzone

Alternative 3: Set the commercial hook-and-line trip limit at 2,000 pounds with no reduction.

Option a: For the Western zone

Option b: For the Eastern Zone Northern Subzone

Option c: For the Eastern Zone Southern Subzone

Motion carried with no opposition.

Motion: In Action 3, that the preferred alternative be Alternative 2.

Alternative 2: Change the fishing season for Gulf group king mackerel season to September 1-August 31.

Option a: For the Western Zone

Option b: For the Eastern Zone

Motion carried with two opposed.

Motion: In Action 3, to move Alternative 4 to the considered but rejected section.

Alternative 4: Change the fishing season for Gulf group king mackerel season to November 1-October 31.

Option a: For the Western Zone

Option b: For the Eastern Zone

Motion carried with no opposition.

Motion: In Action 4, to move Alternative 3 to the considered but rejected section.

Alternative 3: Establish a provision allowing transit through Collier County when the Florida west coast Southern Subzone is closed for vessels possessing Atlantic group king mackerel that were legally harvested in the EEZ off Monroe County.

Motion carried with no opposition.

Motion: Per the IPT's suggestion, in Action 4 that a new Alternative 5 and Alternative 6 be included in the document.

Alternative 5: Establish a provision allowing transit through areas closed to king mackerel fishing for vessels possessing king mackerel that were legally harvested in the EEZ off areas open to king mackerel fishing.

Alternative 6: Establish a provision allowing transit through the Florida west coast Northern Subzone when that area is closed for vessels possessing king mackerel that were legally harvested in the EEZ off Collier County.

Motion carried with no opposition.

Motion: In Action 4, that the preferred alternative be Alternative 5.

Alternative 5: Establish a provision allowing transit through areas closed to king mackerel fishing for vessels possessing king mackerel that were legally harvested in the EEZ off areas open to king mackerel fishing.

Motion carried with no opposition.

Motion: In Action 5, to remove Options b and d under Alternatives 2 and 3.

Option b – the average of the proportion of landings in North Carolina from 2006 through 2011 plus the proportion of the unused quota equal to North Carolina’s percentage of landings 2006-2011.

Option d – the average of the proportion of landings in North Carolina from 2001 through 2011 plus the proportion of the unused quota equal to North Carolina’s percentage of landings 2001-2011.

Motion carried with no opposition.

Motion: In Action 5, to add a new Option d under Alternatives 2 and 3.

Option d. The average of the proportion of landings in North Carolina from 1998 through 2011.

Motion carried with no opposition.

Motion: In Action 5, to add a new Alternative 4.

Alternative 4: Allow for transfer of quota between the General Atlantic Group king mackerel and Spanish mackerel ACLs and the North Carolina king mackerel and Spanish mackerel ACLs.

Motion carried with no opposition.

Motion: In Action 6, to accept the new language in yellow under Alternative 3.

New language in Alternative 3:

This pertains to:

Responsibilities of Each Council:

1. Recommendations with respect to the Atlantic migratory groups of king mackerel, Spanish

mackerel, and cobia will be the responsibility of the South Atlantic Council, and those for the Gulf migratory groups of king mackerel, Spanish mackerel, and cobia will be the responsibility of the Gulf Council, with the following exceptions:

- a. The South Atlantic Council will have responsibility to set vessel trip limits, closed seasons or areas, or gear restrictions for (1) the Eastern Zone - East Coast Subzone for Gulf migratory group king mackerel and (2) the east coast of Florida including the Atlantic side of the Florida Keys for Gulf migratory group cobia.
2. For stocks where a stock assessment indicates a different boundary between the Gulf and Atlantic migratory groups than the management boundary, a portion of the ACL for one migratory group may be apportioned to the appropriate zone, but management measures for that zone will be the responsibility of the Council within whose management area that zone is located.
 3. Both councils must concur on recommendations that affect both migratory groups.

Motion carried with no opposition.

Motion: To add Action 7 to the document in its entirety with the added changes.

Action 7. Modify the Gulf and Atlantic Migratory Group Cobia Annual Catch Limits (ACLs) and Annual Catch Targets (ACTs).

Alternative 1: No Action. The entire Gulf migratory group cobia ACL applies to the Gulf Council jurisdictional area and the entire South Atlantic migratory group cobia ACL applies to the South Atlantic jurisdictional area. The ACLs and ACTs that were established by Amendment 18 are as follows:

Gulf	South Atlantic
ACL = 1,460,000 lbs	ACL = ABC = OY = 1,571,399 lb Commercial ACL (8% ACL) = 125,712 lb Recreational ACL (92% ACL) = 1,445,687 lb
Stock ACT = 1,310,000 lbs	Recreational ACT = 1,184,688 lb

Alternative 2: The ACL = ABC as determined by the SSC for each migratory group. The entire Gulf migratory group cobia ACL applies to the Gulf Council jurisdictional area and the entire South Atlantic migratory group cobia ACL applies to the South Atlantic jurisdictional area. The ACLs and ACTs would be as follows:

Gulf	South Atlantic
ACL = x lbs	ACL = ABC = OY = x lb Commercial ACL (8% ACL) = x lb Recreational ACL (92% ACL) = x lb
Stock ACT = 90%ACL = x lbs	Recreational ACT = ACL [(1-PSE) or 0.5, whichever is greater] = x lb

Alternative 3: The ACL = ABC for each migratory group. The ACL for each jurisdictional area would be determined as follows:

- The Gulf migratory group cobia ACL (based on the ABC as determined by the SSC) would be divided into a Gulf jurisdictional ACL and an east coast of Florida ACL based on the options below.
 - Option a:** Use 2002-2012 landings to establish the percentage split for the Gulf ABC.
 - Option b:** Use 2008-2012 landings to establish the percentage split for the Gulf ABC.
 - Option c:** Use Boyles law (which years?) *50% of landings from 2002-2011 + 50% of landings from 2009-2011?*
 - Option d:** Use 1998-2012 (15 years)
 - Option e:** *(Based on yellowtail):* 50% of average landings from 1993-2008 + 50% of average landings from 2006-2008 (75% SA and 25% Gulf)
 - Option f:** *(Based on mutton):* 50% of average landings from 1990-2008 + 50% of average landings from 2006-2008 (82% SA and 18% Gulf)
- The South Atlantic jurisdictional area ACL would be the ACL for the Atlantic migratory group cobia (based on the ABC as determined by the SSC) plus the portion of the Gulf migratory group ACL for the east coast of Florida.

The ACLs and ACTs would be as follows:

Gulf	South Atlantic
ACL = x lbs	ACL = ABC = OY = x lb Commercial ACL (8% ACL) = x lb Recreational ACL (92% ACL) = x lb
Stock ACT = 90%ACL = x lbs	Recreational ACT = ACL [(1-PSE) or 0.5, whichever is greater] = x lb

Motion carried with no opposition.

Amendment 19 – Joint GMFMC/SAFMC Committee Meeting

Motion: To add "in or from the EEZ of the Gulf of Mexico or Atlantic" to line 2 of Alternatives 2 and 3 of Action 1.

Alternative 2: Prohibit sale of king mackerel caught under the bag limit, with the exception of for-hire trips in which the vessel also holds a federal king mackerel commercial permit. Prohibit sale of Spanish mackerel caught under the bag limit, with the exception of for-hire trips in which the vessel also holds a federal Spanish mackerel commercial permit. All sales of king and Spanish mackerel during a commercial closure are prohibited.

Option a. The South Atlantic Council’s jurisdiction

Option b. The Gulf Council’s jurisdiction

Gulf Preferred Alternative 3: Prohibit sale of king and Spanish mackerel caught under the bag limit. For a person to sell king or Spanish mackerel in or from the EEZ of the Gulf of Mexico or

Atlantic, those fish must have been harvested on a commercial trip aboard a vessel with a commercial vessel permit/endorsement. A king mackerel permit is required to sell king mackerel and a Spanish mackerel permit is required to sell Spanish mackerel.

Option a. The South Atlantic Council's jurisdiction

Option b. The Gulf Council's jurisdiction

Motion carried with one opposed.

Motion: In Action 1, to add a new Alternative 4.

Alternative 4: Prohibit sale of king and Spanish mackerel caught under the bag limit with the exception of state-permitted tournaments. For a person to sell king or Spanish mackerel in or from the EEZ of the Gulf of Mexico or Atlantic, those fish must have been harvested on a commercial trip aboard a vessel with a commercial vessel permit/endorsement. A king mackerel permit is required to sell king mackerel and a Spanish mackerel permit is required to sell Spanish mackerel. King or Spanish mackerel caught during a tournament may be donated to a dealer in exchange for a charitable donation if the tournament organizers have a permit from a state to conduct that tournament, and transfer and reporting requirements are followed.

Option a. The South Atlantic Council's jurisdiction

Option b. The Gulf Council's jurisdiction

Motion carried with no opposition.

Motion: In Action 1, that the Gulf Council's preferred alternative be Alternative 3, Option b.

Gulf Preferred Alternative 3: Prohibit sale of king and Spanish mackerel caught under the bag limit. For a person to sell king or Spanish mackerel in or from the EEZ of the Gulf of Mexico or Atlantic, those fish must have been harvested on a commercial trip aboard a vessel with a commercial vessel permit/endorsement. A king mackerel permit is required to sell king mackerel and a Spanish mackerel permit is required to sell Spanish mackerel.

Option b. The Gulf Council's jurisdiction

Motion: In Action 1, that Alternative 4, Option a. be the preferred alternative.

Alternative 4: Prohibit sale of king and Spanish mackerel caught under the bag limit with the exception of state-permitted tournaments. For a person to sell king or Spanish mackerel in or from the EEZ of the Gulf of Mexico or Atlantic, those fish must have been harvested on a commercial trip aboard a vessel with a commercial vessel permit/endorsement. A king mackerel permit is required to sell king mackerel and a Spanish mackerel permit is required to sell Spanish mackerel. King or Spanish mackerel caught during a tournament may be donated to a dealer in exchange for a charitable donation if the tournament organizers have a permit from a state to conduct that tournament, and transfer and reporting requirements are followed.

Option a. The South Atlantic Council's jurisdiction

Motion carried.

Motion: To move Action 2 – Sale of Cobia to the considered but rejected section.

Motion carried.

Motion: In Action 3, to remove Option a. from Alternatives 2 and 4.

Option a. All years with data available (1998-2011)

Suboption i. Average of all years

Suboption ii. At least one of the 14 years

Motion carried.

Motion: In Action 3, to move Alternative 3 to the considered but rejected section.

Alternative 3: Renew commercial king mackerel permits only if the permit had reported landings in:

Option a. The fishing year ending September 30, 2010

Option b. At least one of the five years preceding the September 30, 2010 control date

Option c. At least two of the five years preceding the September 30, 2010 control date

Motion carried.

Motion: In Action 3, to remove suboptions i. and ii. from Alternatives 2d, 4d, and 4e.

Suboption i. 1 lbs.

Suboption ii. 100 lbs.

Motion carried.

Motion: In Action 3, to remove Option c from Alternatives 2 and 4.

Option c. Five years (2006-2010)

Suboption i. Average of all years

Suboption ii. At least one of the five years

Motion carried.

Motion: In Action 3, to change the time series in alternatives 2b and 4b from 2001-2010 to 2002-2011.

Motion carried.

Motion: In Action 3, to add a new Alternative 4.

Alternative 4: Allow two-for-one permit reduction in the king mackerel commercial fishery similar to the system for Snapper-Grouper Unlimited Permits.

Motion carried with no opposition.

Motion: To move Action 4 to the considered but rejected section.

Motion carried with one opposition.

Motion: In Action 5, to add a new Alternative 5.

Alternative 5: To obtain or renew a commercial permit for king or Spanish mackerel, at least [Option A] 75% or [Option B] 50% of the applicant's earned income must have been derived from commercial fishing or from for-hire fishing during one of the three calendar years preceding the application.

Motion carried with no opposition.

Motion: In Action 5, to move Alternative 2 to the considered but rejected section.

Alternative 2: If established in Action 2, establish an income requirement for the cobia permit consistent with the requirements for Gulf and South Atlantic commercial king and Spanish mackerel permits. Maintain existing income requirements for Gulf and South Atlantic commercial king and Spanish mackerel permits.

Motion carried with no opposition.

Red Drum

Motion: To request that the SEFSC update the 2008 red drum sampling protocols from Tab I, No. 3(a) by the June 2013 Council meeting.

Motion carried with no opposition.

Motion: To request that the SEFSC work with the states to identify relevant and pertinent data that may be useful for a formal Gulf-wide stock assessment, including current state escapement rates.

Motion carried with no opposition.

Motion: To put red drum in the open slot in the 2016 SEDAR schedule.

Motion carried with no opposition.

Motion: To direct staff, the appropriate NMFS personnel, and state personnel to develop a research plan for the collection of red drum in the EEZ and that harvest not exceed 20,000 fish, as recommended by the Gulf Council's Red Drum Special Working Group.

Amendment: To remove the word "harvest" and replace it with "fishery independent study".

Amendment carried.

Motion as amended: To direct staff, the appropriate NMFS personnel, and state personnel to develop a research plan for the collection of red drum in the EEZ and that the fishery independent study not exceed 20,000 fish, as recommended by the Gulf Council's Red Drum Special Working Group.

Substitute motion: To request that NMFS work with state fishery agencies to develop a research plan for red drum and to give the Council a status update at the August 2013 Council meeting.

Substitute motion carried 10 to 5.

Reef Fish

Amendment 39 – Regional Management

Motion: In Action 1, that Alternative 2 be the preferred alternative.

Alternative 2: Establish a regional management program that delegates authority to a state or states to establish certain management measures for the harvest of an assigned portion of the recreational red snapper quota.

Motion carried with no opposition.

Motion: To untable the motion that was made in Reef Fish Committee.

Motion carried with no opposition.

Untabled motion: To request that the Chairman draft a letter to each of the states informing them that the Council had selected delegation as a preferred alternative and outlining what the responsibilities of the states will be under a regional management delegation scenario. To request that the states advise us of their willingness to accept delegation, their agreement to prohibit landings when the state projects or determines that its individual catch limit has been harvested, and a description of how the state would calculate the projected season length and/or monitor landings to support in-season closures.

Motion carried with no opposition.

Motion: In Action 2, that Alternative 5 be the preferred alternative.

Alternative 5: Establish five regions representing each Gulf State.

Motion carried with no opposition.

Motion: In Action 3, to add an Alternative 5 to allocate the following percentages to the various states: Florida 38%, Alabama 30%, Mississippi 3%, Louisiana 14%, Texas 15%.

Motion carried with no opposition.

Motion: In Action 3, that the preferred alternative be Alternative 5.

Alternative 5: To allocate the following percentages to the various states: Florida 38%, Alabama 30%, Mississippi 3%, Louisiana 14%, Texas 15%.

Motion carried with one opposed.

Motion: To add a new Alternative 6 to allow individual regions to establish closed areas within the EEZ adjacent to their region.

Amendment: To add, “that applies only to vessels registered within their region.”

Amendment carried.

Motion as amended: To add a new Alternative 6 to allow individual regions to establish closed areas within the EEZ adjacent to their region that applies only to vessels registered within their region.

Amended motion carried 9 to 7

Motion: In Action 4, that Alternatives 2, 3, 4, and 6 be the preferred alternatives.

Alternative 2: Allow individual regions to set recreational red snapper season start and end dates and season structure in the Gulf.

Alternative 3: Allow individual regions to set recreational bag limits from 0 to 4 red snapper per angler per day in the Gulf.

Alternative 4: Allow individual regions to establish recreational red snapper minimum size limits from 14 inches to 18 inches TL in the Gulf.

Alternative 6: Allow individual regions to establish closed areas within the EEZ adjacent to their region that applies only to vessels registered within their region.

Motion carried 9 to 6.

Motion: In Action 5, that the preferred alternative be Alternative 2.

Alternative 2: Exclude the provision requiring the vessels with Gulf charter vessel/headboat permits for Gulf reef fish from complying with the more restrictive of federal red snapper regulations when fishing in state waters.

Motion carried with two opposed.

Motion: In Action 6, that the preferred alternative be Alternative 1.

Alternative 1: No action. Do not reduce the recreational quota if landings exceed the recreational quota in the prior fishing year.

Substitute motion: In Action 6, that the preferred alternative be Alternative 3.

Alternative 3: If a region exceeds the apportioned regional quota, then NMFS will file a notification with the Office of the Federal Register to reduce the regional quota in the following year by the amount of the regional quota overage in the prior fishing year.

Substitute motion carried 13 to 3.

Motion: To move Action 7 to the considered but rejected section.

Motion carried with one opposed.

Motion: That in Action 2, Alternatives 3 and 4 be moved to the considered but rejected section.

Alternative 3: Establish an east (Florida, Alabama) and west (Mississippi, Louisiana, Texas) region and allow for different management measures for each region.

Alternative 4: Establish three regions representing the west (Texas), north (Louisiana, Mississippi, Alabama), and east (Florida) region and allow for different management measures for each region.

Motion carried with no opposition.

Motion: To send Amendment 39 – Regional Management for Recreational Red Snapper out to public hearings before the June 2013 Council meeting.

Substitute motion: To request staff prepare a public hearing draft of Amendment 39 – Regional Management for Recreational Red Snapper for review at the June 2013 Council meeting.

Substitute motion carried with two opposed.

5-Year Red Snapper IFQ Review

Motion: To accept the 5-Year IFQ Review document as presented in Tab B, No. 4.

Motion carried with one opposed.

Inter-sector Trading

Motion: To develop a scoping document for inter-sector trading.

Motion carried 11 to 3.

Abbreviated Documentation Process to Modify Charter Vessel Passenger Capacity Requirements

Motion: That the Council approve the proposed rule to address permit transfer and renewal requirements for Gulf charter and headboats, and that it be deemed necessary and appropriate.

Motion carried by roll call vote.
